### POSSE REPORT "NO TRACE"

James Mortimer Unreported Since Sunday On Deer Hunt In Area Above Caldor

Search of the Camp Creek and Mokelumne areas failed to reveal any trace of James Mortimer, officers in charge reported to the headquarters of the search shortly after 2 o'clock this afternoon.

Other parties of the searchers, operating in other fields, were still in the woods.

A posse numbering about 150 on Thursday morning took up the fourth day of its search for James Mortimer, of Placerville, son of Mrs. Anne Mortimer, and husband of Mrs. Dossie Denman Mortimer, unreported since Sunday in the Cat Creek area above Caldor.

Mortimer was one of a party of four deer hunters who went into the area for a weekend hunt. Others in the party were his cousins, Dr. William Schneider and Bill Cooper, with Bernt Chappell.

According to such authorized information as we have been able to glean from the headquarters of the searching party and from other official sources:

The party went hunting Sunday morning and agreed to meet at a certain spot at a certain hour. One report says they were to meet at ten

### CHECK CHARGE FUGITIVE IS HELD AT TULARE

Sheriff George M. Smith announced Thursday that Charles B. Williams, sought since 1935 under a grand jury indictment returned on the secret file in connection with his alleged bad check operations here, is under arrest at Tulare.

The sheriff learned during the week that Williams was under charges at Tulare and communicated with officials there. He learned Williams was out on bail. Thursday morning he was taken into custody again and Sheriff Smith has asked the Tulare officers to hold the man for this county after their local charge has been disposed of.

Williams has been sought by the sheriff's office for the past three years and was known to be in Kansas City several months ago, but the preparations made for his arrest missed their quarry.

### Three Hunters Lost, Found Over Weekend

Three hunters, members of three separate hunting parties, were lost in El-dorado Forest over the last weekend and although all of them found their way out safely, one was out all night.

This is according to reports to the forest headquarters.

One hunter in the Strawberry Creek area was out all Sunday night and is reported to have made his way Monday morning to Snyder's, on Upper Silver Fork.

Two other hunters were separated from their companions for several hours, but were able to report out before Sunday night.

Ed. Christian was up from Berkeley to spend the weekend with the home folks.

### TRADING POST ESTABLISHED

Echo Lakes Lodge And Boat House Completed; Gasoline Station Being Built

The major part of the initial building program contemplated for the first season by Curtis M. Rocca, in the development of a trading post at Echo Lakes, has been completed.

Mr. Rocca, who was in Placerville attending to business matters Wednesday, announced that the erection of the main lodge has been completed and that the boathouse also has been completed. The gasoline service station is under construction and, it is hoped, will be completed before severe weather sets in.

A University of California graduate in forestry who turned to a private business venture when an opening in his chosen profession was not available, Mr. Rocca has been granted the concession to develop the Echo Lake trading post by the Forest Service. The center is intended to serve not only the Echo Lakes summer homes area, but also as a base for the recreationists who are expected in the future in increasing numbers to pass through the section enroute to the Desolation Valley Primitive Area.

"We intend to keep open this winter," Mr. Rocca said. "Of course, we will not operate on the scale which we intend to follow when we are really in business, but we will have dormitory sleeping accommodations and our dining room will be open, and it is encouraging to be able to report that a number of inquiries have been received."

### Shelley Inch, Sr., Has Fractured Thigh

Shelley Inch, Sr., well-known former resident of Placerville, is under treatment at San Francisco for a broken thigh and is reported as getting along well.

Mr. Inch, according to word received by friends, went into the yard of his home of a recent afternoon to pick up the afternoon paper and stumbled and fell, breaking the bone in his thigh.

SAN FRANCISCO FANS can praise two "home town boys" for today's Yankee victory over the Cubs in the world's series. They are, above, left to right, Frank Crosetti, shortstop, and Joe Dimaggio, center fielder, whose home runs chased the once mighty "Dizzy" Dean to the showers.

### 2 HOME RUNS SEAL GAME

North Beach San Franciscans Contribute Circuit Swats To Rout Chicago Challenge

CHICAGO. (AP)—Two former San Francisco sand-lotters, members of the Yankee "murderers' row", blasted "Dizzy" Dean out of Wrigley Field with home runs today and the Yankees made it two straight in their world's series with the Cubs. The score was 6 to 3.

The score stood 3 to 2 for the Cubs in the first half of the eighth when Frankie Crosetti hit into the left field stand for a home run to score Myril Hoag, who had batted for Gomez.

The Yankee onslaught continued in the ninth when Dimaggio blasted one of Dean's offing over the left field wall to score Henrich ahead of him.

The Cubs had rung the bell for the first time in the first inning when Hack lived on a single, advanced on Rolfe's error and came home on Marty's long fly. They were behind at the end of the second inning when Dimaggio singled and Gehrig walked to score on Gordon's double.

But the Cubs added two in the third when Hack and Herman singled and scored on Marty's double.

And the count stood 3 to 2 when the "wrecking crew" went to work.

The score: R H E  
Yankees 6 7 2  
Cubs 3 11 0  
Batteries: Gomez, Murphy and Dick-ey; Dean, French and Hartnett.

### Baers Conclude Northwest Tour

Timberline Lodge, Million Dollar Mt. Hood Recreation Center, Trip's High Spot

Mr. and Mrs. Max Baer and daughters, the Misses Maxine and Helen, returned Wednesday evening to Placerville from an automobile vacation spanning approximately two weeks, which took them as far north as Victoria and Vancouver.

The outstanding feature of the trip, Mr. Baer reported Thursday morning, was their stop on Tuesday of this week at Timberline Lodge, at the 6,000-foot level on the slope of Mt. Hood, which is a million-dollar recreation center built by the government and operated under the supervision of the Forest Service.

The large structure is erected of stone and hewn timbers, which are held together with mortar and wooden pegs. No nails or bolts were used in the building. Mr. Baer states that the plant was superlative in every feature of artistic beauty, utility, scenic grandeur and that the facilities and service are A-1 throughout, he declared.

Another highlight of the trip was the visit to Buchart's Gardens, a 180-acre private estate at Victoria, filled with flowers and shrubs of all descriptions. The party motored northward over the Redwood highway to Crescent City and continued through Marshfield and Tillamook along the Oregon Coast to Astoria, thence to Port Angeles, across the Strait of Juan De Fuca to Victoria, thence to Vancouver, Seattle and Portland where, at the suggestion of friends, the visit was made to Timberline Lodge.

From this point they continued to Bend, Oregon, for Tuesday night, and were able to reach Placerville Wednesday evening.

### Canadian Wheat Grower Enters For County Fair

Indicative of the scope of interest in the El Dorado County Fair, opening Friday next at Marcus P. Bennett, Jr. Memorial Park, is a letter received this week by the fair management from Fred Wagner, wheat grower of Alberta, Canada, entering a special display of three heads of a new wheat he has developed.

The new strain, he says, represents thirty years of research, and is of such interest to wheat growers that it is to be displayed next year at the New York World's Fair.

So, you won't have to go to New York to see the fair, it's coming here, next weekend.

### "KIDS' CIRCUS" BILLED AS FRIDAY FEATURE AT COUNTY FAIR

The Kids' Circus will be one of the features of the County Fair and the big parade will be held Friday afternoon following the Boy Scouts exhibition. The animals are being furnished through the courtesy of the Sacramento Municipal Recreation Department. J. B. Maloney, director. The show will require the participation of 150 grammar school students who will be recruited from the nearby schools to put on the stunts. Over 10,000 people turned out at Sacramento to see this show which "Bing" Maloney put on in the Stadium there.

### Civil Action Filed As Assault Trial Sequel

The recent jury trial in the Placerville city court, in which Almon Brewster was found guilty of striking William K. Dietz with an empty jug, has a sequel in a civil action asking damages of \$3,000, filed Thursday morning in behalf of Mr. Dietz in Superior Court.

The complaint alleges that the defendant, Mr. Brewster, on or about September 7 struck the plaintiff with a gallon glass jug and that the blow fractured the nose of the plaintiff, loosened his teeth, induced a concussion and resulted in contusions about his head and face.

Attorney T. S. Marlor prepared the complaint.

NEW PACT  
LONDON. (Copyright 1938 by United Press)—Great Britain, France and Italy have reached a broad basis for a three-power agreement aiming at settlement of the Spanish civil war and British-French recognition of the Italian conquest of Ethiopia, informed sources said today.

There may be considerable haggling over details, however, so that the announcement of the agreement may be delayed.

HUNGARY PRESSES  
BUDPEST. (AP)—Hungary raised insistent demands today for a share of Czechoslovakia—an area almost equal to the combined areas taken by Germany and Poland.

It was understood that the government had sent a note to Prague expressing surprise that no reply had yet been received to Hungary's note on October 3 which requested that the two countries begin at once to negotiate Hungary's claims.

ramento, where the ladies will be personally conducted in their study by Harry Noyes Pratt and an attendant.

Mrs. Robert E. Roberts called attention to the bridge luncheon to be given by the drama section at the clubhouse on October 20. The club voted to resume the chain card parties, which are held in the homes of members.

Mrs. Robert Sinclair was elected delegate and Mrs. Don Hoffman alternate to the Tri-County convention at Nevada City, October 15. Mrs. McBride, state chairman of Bible study, will be the speaker at this convention. The department is one recently instituted by Mrs. Duncan Robinson, state president.

The club expressed its interest in the restoration of the Episcopal church building and extended an invitation to the Ladies Guild to hold its next card party in the auditorium of the club house.

The concert Tuesday evening, the first of the Music Series sponsored by the club choral section, was most delightful and inspiring and seemed all too short to the appreciative audience. Perhaps the number in which greatest interest was shown was the "Andante from First Symphony," by Mr. Dotzel, who was inspired to compose this beautiful number by the beauty and grandeur of the high Sierra in our own county in the vicinity of Wright's Lake.

To Mrs. Healy, chairman of the choral, a word of appreciation is due for her enthusiasm and untiring energy in bringing to Placerville this pleasant and uplifting affair. Perhaps no greater civic work can be done by the Shakespeare Club at this time than to use its best efforts to bring cultural activities to our community. What the harvest will be lies in the future. Many remember the discovery made in Placerville by a former choral leader, the discovery of the late Will Myers, who became a world renowned basso.

At the close of the concert a reception was held and delicious refreshments were served under the supervision of Mrs. F. J. Raffetto.

## ACTIVE SUPPORT ASKED FOR PROPOSITION ONE ON BALLOT

Southern Californians, Inc., which sponsored the picket regulating initiative ordinance recently adopted by the voters of Los Angeles, has gone on record with a resolution urging all Californians to cooperate with the California Committee for Peace in Employment Relations to obtain adoption of a State statute governing labor relations at the November election.

"Enactment of this statute, described as Proposition No. 1 on the November 8 ballot, is urgently needed to provide legal remedies for existing abuses leading to violence in labor disputes," the resolution stated in effect. "Adoption of the statute would be of great benefit to all citizens of California and particularly to consumers, workers and agriculturalists, as well as employers."

Supplementing the support given the California Committee, Southern Californians, Inc., is now campaigning actively for the adoption of Proposition No. 1 throughout the southern part of the State, according to Paul Shoup, president.

## R. M. Walters Continues As Hospital Patient

The condition of R. M. Walters, who last mid-week became a patient at Placerville Sanatorium, is reported as showing little change. Mr. Walters, formerly state truck tax administrator in the El Dorado County District, is under treatment for diabetes.

## Around Our Town

Mr. and Mrs. Bernt Chappell and children, of Elk Grove, are here this week while Mr. Chappell has a vacation from his work.

The alarm of fire on Thursday morning at 11 o'clock called the department to a residence on Cedar Ravine, where efforts to light an oil stove had resulted in the stove being flooded an dthe excess fuel catching fire. No damage was done to the house, owned by Mrs. Pillette.

Mrs. Harry Jaspas returned this week with her son, Wesley, from an extended visit with her mother at Bakersfield. Friends will recall that Mrs. Jaspas was injured in a crash in which the family car was involved near Modesto several weeks ago. Under her mother's care, she has made a good recovery from her serious hurts.

Ladies of the Diamond Springs Community Church, and friends, met Friday evening at the home of Mr. and Mrs. Clinton Tinker near Diamond, for a venison dinner, the venison being furnished by Mr. and Mrs. Seth Beach. About fifty were present. A free will offering was taken netting about \$15 which will be used to buy doors for the church building.

## MISSOURI FLAT

The Wednesday Club met at the home of Mrs. Seidel and presented her with a lovely cream colored clock. A pleasant afternoon was enjoyed by all those present and an entertaining talk was given by Mrs. L. Backman on her trip south to Santa Ana and Long Beach where she collected some shells. In a dress box Mrs. Backman had several articles made of shells which included cleverly made frogs playing fiddles and other novelties, all made entirely of shells. An interesting article was read by Mrs. Juvenal on parents and children and their daily experiences together with due respect for the mother's patience; but how about the child's patience? Cake and raspberry punch were served and were enjoyed by all children and ladies present. The next meeting will be at the home of Mrs. Babe Barnes, at Diamond Springs, on October 2. Those who were present included Mrs. Seidel, president; Mrs. McCoy, secretary; Mrs. Arthur Bray, Mrs. Babe Barnes, Mrs. L. Haley and her new baby boy; Mrs. Fern Scarbrough, Mrs. L. Backman, Mrs. R. Headington, Mrs. F. Boll, Mrs. William Dunn, Mrs. Juvenal. Three guests were Mrs. Fred Fisher, of Diamond Springs; Mrs. Davison, of El Dorado and Mrs. Reimal, of El Dorado.

Mrs. Headington has received word that the Welsh Imperial Singers are again on tour in the United States after singing in England and in Canada. There is every possibility that they may be heard again on the Pacific Coast. Definite word will be available later when Mrs. Headington hears from her father, R. Festyn Davies, who directs the Welsh Imperial Singers.

Mrs. L. W. Loomis of El Dorado, left this week for Montebello, to visit her daughter, Mrs. Capps.

## POSSE SEEKING MISSING MAN

(Continued from page 1)

o'clock in the morning and another report is that they were to meet at noon. In any event, Mortimer was to have returned to Placerville to take up his work as an oil station attendant at 2 o'clock.

At the appointed hour, Mortimer failed to appear and at about the time it had been expected that he would appear, two shots were heard from a rifle in the section in which he was believed to have been hunting.

During the morning, the others in the party had fired at a deer and it is officially stated that they were hunting in a section different from that into which they knew Mortimer to be.

When the young man failed to return to the meeting place within a reasonable time, a search was instituted by his companions and an appeal for help was made.

Monday morning officers of Eldorado Forest took up the search with Ranger George B. Young, of Lumberyard Ranger district, in charge. When a search of the area in which the young man was believed to be failed to reveal any trace of him, the hunt was organized on a more intensive scale Tuesday morning.

Forest Supervisor Edwin F. Smith had gone to the area Monday evening accompanied by C. C. Herbert, forest road superintendent. A total of 52 enrollees and ten forest service foremen

from Caldor CCC camp were thrown into the search and the area in which Mortimer was thought to have been hunting was combed by a skirmish line of searchers walking about thirty feet apart, close enough that they could see the legs of each other through the brush.

The detailed hunt resulted in the finding of handkerchiefs and other articles which had been lost by hunters. None of these was identified as belonging to Mortimer and there was no trace of the young man.

What tracks he may have left on the ground, it was admitted, might have disappeared as a result of a fall of about four inches of snow in the area Sunday which had since melted.

Wednesday the search enlarged to take in additional territory but without result and on Thursday morning it was announced that the search made on Tuesday was to be repeated and that additional CCC enrollees from Snowline camp, numbering about thirty, were being called into the hunt.

Preparations were being made to survey the area from Camp Creek to the Mokelumne River, checking all roads and interrogating all persons encountered, in an attempt to gain some trace of the missing man.

Mr. Herbert returned from the search area Wednesday and on that evening A. N. Weber, assistant forester, and Junior Forester Leon Thomas joined the searching party.

Relatives of the missing man and numerous other friends have joined in the search and the members of the hunting group of which he was a member have remained in the area doing what they have been able to do to assist in the hunt.

On Wednesday afternoon, the young man's father, Cleo Mortimer, who has been living at Los Angeles for several years, arrived in Placerville. Mr. Mortimer had not received word of his son's disappearance and was unaware of the circumstances until he drove into town for a visit with his own mother.

Upon learning of the unfortunate turn of events, he was immediately very much upset and was dissuaded by friends from attempting Wednesday afternoon to go to the base of the searching party. It was understood that he went to Caldor Thursday morning.

These are, to the best of our information, the facts of the case. Several relatives of the young man are at Caldor attempting to aid in the search. The reports that beacon fires have been lighted at night, that bloodhounds have been called in on the hunt, or that expert Indian trackers have joined the searching party is officially denied.

Conclusions as to what may have happened to young Mortimer are pure guess work as not any trace of the young man had been found up to the hour the search was resumed on Thursday morning.

On Thursday morning, Sheriff

## EMPLOYMENT GAINS AS WORK STARTS ON PWA PROJECTS

SAN FRANCISCO—Unemployed men are going back to jobs by the hundreds weekly in this region now that construction work actually has been started on no less than 158 PWA projects of the 1938 program, announced Kenneth A. Godwin, PWA regional director, today.

Official records at PWA regional headquarters here show that more than 900 men were added to payrolls on these projects this week.

A total of 5,033 men have been given employment since the first new PWA job was started at San Diego last August 1st. Last week there were 4,129 men working, which means the actual increase of the current six-day period is 904.

"From now on more and bigger projects will get under way almost daily until January 1st, when all of them must be in construction," said Director Godwin. "When the present PWA program reaches its peak, it will contribute substantially to reducing the ranks of the unemployed. This is its basic purpose in connection with providing Federal aid for installing needed public improvements throughout the country. This is a recovery drive, which will increase the national buying power by many millions of dollars and, therefore, will be of widespread benefit to all channels of trade."

## Boy, 15, Cast In Role Of Industry Genius

SYDNEY, (AP)—Ted Ryan, aged 15, gives indications of becoming an industrial tycoon of Australia.

At 9 young Ryan began modeling airplanes. His models were so successful that he was awarded air trips all over Australia.

Then he took to modeling buildings, and was so successful that after winning eight first prizes, he was finally commissioned to build scale models of important new buildings in Sydney and Brisbane.

Now at 15, he has gone into business for himself, buying out the establishment or R. G. Hann, a professional modeler, and setting up in business on his own account.

His only tools are a cobbler's knife, a razor blade and a few pins.

George M. Smith, who had been keeping in touch with the search during the week, announced that the duties of his office would not permit him to be continuously with the searching party and that he had, therefore, appointed Euell Y. Gray as his deputy to remain with the searching party and offer such assistance as is possible. Mr. Gray, formerly state game warden in the county, knows the area well, the sheriff said.

## "MERRILY WE LIVE" IS THURSDAY, FRIDAY EMPIRE FARE

Practicality was a feature of the streamlined stage set on which "Merrily We Live" was filmed. This picture, co-starring Constance Bennett and Brian Aherne, opens a two-day engagement at the Empire theater tonight.

In the first place, details of the lavish mansion were so faithfully carried out that a family could move in, set up housekeeping and entertain on a big scale.

The kitchen was piped with water and gas and the sinks and ranges worked with as complete efficiency as those in any up-to-the-minute home. Wires brought in electricity for the lighting of the entire home and serviced the kitchen with an entire battery.

Trust deed, George A. Cole and Florence Cole, his wife, to Bank of America National Trust and Savings Association.
